History

We have strived to flexibly change step by step to meet customer needs and redesign and build a global supply chain in response to changes in the world situation and environment.

2023

- **Vietnam and Thailand Sourcing Initiative** : Focused development of new supplier bases and supply chains, particularly in Vietnam and Thailand, to enhance resilience.

2015

- **ASEAN Market Penetration** : Successfully developed and established robust sales channels across ASEAN countries.

2010

- **North American Expansion** : Expanded U.S. transactions and established trade schemes for neighboring markets (Canada and Mexico).

1997

- **Taiwan Quality Development** : Provided intensive technical guidance to Taiwanese suppliers, elevating their product quality to international export standards.

1995

- **Strategic Sourcing Shift** : Transferred over 90% of our supplier base to Taiwan in response to the rapid appreciation of the Japanese Yen.

1992

- **Company Foundation** : Established KTI JAPAN, initially serving as an exporter of Japanese industrial products to the U.S. market.
